Our Curriculum

Our pre school curriculum DISCOVER has been designed by amalgamating the unpretentious Indian values with the competence of Montessori methods of preschool education. We at Kidzon International understand the significant role of pre – school education which plays a vital role in shaping a child's mental and physical well being. Thus, we ensure that we provide the best.

Kidzon curriculum DISCOVER is based on active and experiential learning. An optimum teacher-student ratio ensures effective implementation of this activity-based curriculum.
